

Avalon Capital Markets ranked #3 in the WeConvene Extel Pan European Brokerage Special Situations Sales Survey

Avalon Capital Markets Limited (“Avalon”) is delighted to announce that it has been ranked #3 in the Extel Pan European Special Situations Sales survey.

London, 7 June 2018 Avalon is a new participant to the special situations market, having commenced business in this area just over 12 months ago. The result from the most prestigious survey in the industry demonstrates that Avalon is increasingly becoming the partner of choice for global investors looking to identify trading opportunities and improved returns.

Jean-Yves Aknin, co-founder of Avalon commented “it’s a great achievement to be ranked so highly by our clients at such an early stage in our history. This achievement is the result of the dedication of the team – headed up by Emmanuel Du Chaffaut and Ken Menager - to providing our client base with innovative ideas and sales analysis. They strive for excellence on behalf of our clients on a daily basis and we appreciate that this has been recognised with this result. We will continue to show our commitment to the special situations space and we plan to hire substantially in the coming twelve months”.
